

"Where Service is a Family Tradition."

MarBorg Industries is very proud to support many non-profit organizations that support our community. Part of our corporate mission is to leave our community a better place than we found it and one way we advance this mission is to annually set aside profits for reinvestment in our community. We focus on supporting local 501c3 organizations that support environmental sustainability and youth services.

If you would like MarBorg to partner with your organization in making our community a better place here is the application process to follow:

- Please submit your application online with any uploaded attachments.
http://www.marborg.com/contact_donation.html
- Please submit you application 60 days prior to your event.
- Please include your 501c3 designation.
- Please include the community benefits your organization provides.

Here is the process that your application will follow:

- Your application will be reviewed by a committee for completeness and content.
- Please allow 60 days for your application to be processed.
- Approvals and Declinations will both be acknowledged by email within 60 days.
- Due to the high volume of requests we ask that telephone or email inquiries regarding the status of your request, not be made.
- We do our best to support as many organizations as possible but as you know the need is great and our resources are limited.

Thank you for working to support our community!!!
